

## **YUKI TEIKEI HAIKU SOCIETY ANNUAL RETREAT**

Asilomar Conference Center, Pacific Grove, CA

September 10-13 (Thursday-Sunday), 2026

### **Theme: *Jo***

*Jo* has multiple meanings, such as mind, heart, emotion, sympathy and empathy which we can use for discussions about the essence of haiku.

Yuzo Ono, esteemed haiku poet, writer and haiku judge, is returning to Asilomar as our guest speaker. He was educated at the University of Tokyo and studied at the Royal College of Arts in the UK. He will be sharing his haiku life and wisdom.

Another highlight of the retreat will be Phillip Kennedy's presentation of the Summer Season Word Handbook, which joins the Spring Handbook received at last year's retreat.

Throughout the retreat the following traditional activities will occur – *kukai*, silent auction, *ginkō*, art project, book sale, 2026 Tokutomi Contest announcement, presentation of the 2026 Anthology, *renku*, and time to enjoy the beauty of Asilomar.

### **Health/Safety**

This year each person will be responsible for their own health/safety precautions. The medical community does not require masking until November, so masking will be up to each individual. There will not be a limit on the number of attendees, and we estimate around 40 people will attend.

### **Getting to the Retreat**

The Monterey Regional Airport is 10 miles from Asilomar. The San Jose International Airport, located approximately 80 miles to the north, offers direct flights from out of state. Shuttle service is available from the San Jose airport to Asilomar (reserved and paid for on your own).

### **Volunteers**

The Retreat committee needs people to help with a variety of activities such as: helping with technology; picking up equipment and people; and assisting with the auction and/or book sale, pre-retreat activity, folders, art activity, and *ginkō*. Please email Barbara to let us know how you want to be involved.
